Points of Interest

1. **Devil's Foot Prints** – Enters the ocean on Big Tancook & exits on Little Tancook.
2. **Fossil Beach** – Find small fossils of sea shells and plant life.
3. **Flat Reef** - Very interesting rock formation. Walk along beach past Gravel Cove. A great place for a picnic.
4. **Old Gold Mine** – Ruins are no longer visible.
5. **Clayton's Beach** - Rock beach and the optimal location to view the Milky Way & our very dark night sky.
6. **Old Southeast Cove Public Wharf** – Ruins visible only at low tide.
