

Points of Interest

- 1. Devil's Foot Prints** – Enters the ocean on Big Tancook & exits on Little Tancook.
- 2. Fossil Beach** – Find small fossils of sea shells and plant life.
- 3. Flat Reef** - Very interesting rock formation. Walk along beach past Gravel Cove. A great place for a picnic.
- 4. Old Gold Mine** – Ruins are no longer visible.
- 5. Clayton's Beach** - Rock beach and the optimal location to view the Milky Way & our very dark night sky.
- 6. Old Southeast Cove Public Wharf** – Ruins visible only at low tide.
